FATHER, DAUGHTER AND GRAND-DAUGHTER KILLED

Their Bodies Then Burned by Negro Brute.

AN ATROCIOUS CRIME

People of Granville County Aroused Over Most Fiendish Crime Ever Committed In State—Negro Carried to Durham to Escape Lynching and Later Taken to State Prison For Safekeeping—Coroner's Jury Finds Negro Guilty and He Will Be Arraigned At January Term of Granville Court.

Durham, Dec. 20.—Never in the annals of the state was there a more atrocious crime committed than that at Hester, Granville county, last night when father, daughter and granddaughter were murdered in cold blood by a negro brute and their home burned to the ground in an attempt to cover the awful crime. Only the prompt action of Sheriff Wheeler, of Granville, who at once hurried the suspected negro to Durham for safekeeping while an investigation was being made.

The murdered people are J. L. Sanders, aged 63, his daughter, Miss Mattie Sanders, aged 22, and his granddaughter, Irene Overton, aged 4. The Sanders family are highly respected people and are well known over the entire county. The negro, Nathan Montague, who is charged with the fiendish crime, is about 30 years of age and lived less than a mile from the Sanders home.

The coroner's jury completed its work this afternoon at 3 o'clock and decided the evidence was sufficient to warrant the negro's being held without bail until the January term of Granville court when he will be arraigned on the awful charge. As soon as the news of the jury's verdict reached this city Sheriff Harward, accompanied by several officers, left in an auto for Raleigh carrying the negro brute to the State prison for safe-keeping until time for the trial. They reached the prison without accident or interference from anyone.

It is possible that the trial may be removed to another county as feeling is quite intense throughout the county and it is more than probable that he would be taken from the officers and lynched if brought back within the confines of the county. In fact it was deemed advisable to carry him from Durham for fear a mob of incensed citizens would storm the Durham jail and take the negro from the jail and swing him at the scene of the crime or burn him at the stake. While here there was no demonstration of any sort.

The evidence is of the strongest kind and despite the fact that the negro contends that he never left his home during the night it is believed that it can be shown that he did. In addition to his crime of murder and arson there is also strong evidence that the negro first criminally assaulted Miss Sanders and then killed her.

Mrs. Sanders went to Oxford yesterday to visit and but for this fact she would have doubtless been killed also. Her granddaughter, the little daughter of Mr. and Mrs. H. C. Overton, who lived only a few hundred yards away, had come over to spend the night with Miss Mattie. When the fire was discovered by neighbors it was at first thought that the family were at Mr. Overton's home. The doors of the house were wide open when the neighbors first reached the scene.

The light of the fire revealed numerous patches of blood on the ground and foul play was suspected. When the fire had died down the charred remains of the three victims were plainly visible. By this time a large crowd had gathered and someone found a bloody knife in the yard. It was at once identified by one as belonging to Montague, the negro having used the knife during the day while assisting at a hog killing. Headed by Sheriff Wheeler a party made for the negro's home and found him bathing. It was then about 11 o'clock at night. A bloody dress in the negro's room was identified as the one worn by Miss Sanders during the day and on hearing this the sheriff hurried the negro into a buggy and drove at full speed for Durham, the crowd becoming larger and more angry as each moment passed.

After the sheriff left an effort was made to overtake him, but he went too fast. Some of the neighbors stated that they had heard a pistol shot and screams during the earlier hours of the night and a pistol with three empty chambers was found in Montague's home. His wife declared that she had never seen the dress worn by Miss Sanders before it was shown her and she did not know how it had gotten in the house. When examined in the jail today blood was found on the negro's underclothing and a number of long hairs were caught in his coat.

It is generally believed that the young lady was assaulted in the yard by the negro, who either shot her or cut her throat in an effort to make her submissive to his will and after completing his diabolical crime dragged her into the house, killed the other persons and then fired the house to cover the crime.

Nathan Montague is a medium sized, dark mulatto, weighing about 140 pounds. He has the appearance of being a mean negro but has been in the courts only one time. He was arrested two years ago for carrying concealed weapons. He stoutly denies any knowledge of the crime, but has not yet been able to tell the same story twice. If he is proven innocent or is found guilty on circumstantial evidence, the truth of the crime may never come to light as there were no witnesses and the whole of the Sanders family at home was murdered, even to the 4-year-old granddaughter.

Mr. W. B. Sanders, of Wilson, brother of the murdered girl, passed through the city today on his way home. He received a telegram early this morning of the tragedy.

Around the house today was found traces of where the girl, Miss Mina Sanders, was dragged by the hair. It is believed to have been done in placing the body in the house, where it was cremated. It is evident that the aged farmer and his grandchild were murdered before the house was set afire.

When word of the crime was told to Mrs. Sanders in Oxford today, she was so prostrated that she may not recover. The mother of the little child was also away at the time of the crime.

Colored A. & M. College Is Crowded—Directors Will Recommend Appropriation.

The executive committee of the A. & M. College for the colored race, the members of which committee are Prof. M. C. S. Noble, president; Dr. J. I. Foust, of Greensboro; and Mr. W. L. Klutz, of Salisbury, met at the Guilford Hotel Monday evening to hear and pass upon President Dudley's report. He dwelt upon the progress of the institution and showed that owing to the growing demand for training among his race and the consequent crowded condition of the dormitory, it would be necessary to enlarge the living quarters of the students if the college was to take care of those who wish to avail themselves of its advantages.

The committee will recommend to the next Legislature that both another dormitory and an agricultural building be erected and urge an appropriation for the work.

A Silent Alarm.

Last night about eight o'clock a silent call brought the Eagle Hose Company to the home of Mr. Hull, manager of the Kress store, who lives on Blandwood avenue, back of Keeley Institute. The fire seems to have been of a nature more beneficial than harmful, since it destroyed a few leaves which had drifted into a near-by gutter. However, it was thought safe to have the blaze extinguished lest it might spread and become destructive of property. There was no damage done worthy of mention.

Strongly suggestive of the North pole is the soda fountain at Fariss Klutz Drug Company as decorated for Christmas. The beholder of the arctic scene instinctively looks around for Dock Cook and his Esquimaux.

HERE'S SANTA'S BIG JOB

Willie Smith, Norfolk Boy, Causes Great Pity.

Norfolk, Va., Dec. 20.—Living in happy anticipation of presenting his father a Christmas present and blissfully ignorant of the fact that his parent last Friday morning paid the penalty in the electric chair for one of the worst crimes ever committed in Norfolk, William Henry Smith, 8 years old, is eagerly awaiting next Sunday, when he expects to find that Santa Claus has not forgotten him.

The unfortunate little fellow, deprived of both mother and father within a few short months, and the principal witness against the father, has been taken care of by the police since the tragedy at his home.

John J. Smith last August returned home one morning and in the fit of a jealous rage shot his wife and 12-year-old daughter dead. The killing of the girl was not intended by the murderer, but the little one ran in front of the bullets intended for her mother, was shot in the breast and died within a few hours. Her mother, with two bullets in her body, died almost instantly.

Little Willie Smith witnessed the shooting, and the Commonwealth's Attorney put the boy on the stand to testify against his father. For doing so the lawyer has been severely criticised, and even now he is strongly condemned for putting the boy on the stand.

While the judge held that the boy was competent to testify, the fact remains that the little fellow did not appreciate what his testimony might do to his father. Proof of this is shown in the fact that the boy does not know his father has been executed.

Willie has two other sisters, who are in St. Mary's Catholic Orphanage, in this city. Willie's case has excited sympathy all over the United States. The boy about two weeks ago wrote a letter to Santa Claus, in which he told that good old friend of little folk what he wanted for Christmas. When the letter was printed in the newspapers checks from all over America were sent to Willie.

When his home was broken up in such an awful way, without warning, Willie was just learning how to write. He received about ten checks, most of them coming from Cincinnati, and he has been working hard for days trying to write his name so that he can endorse the papers and have them cashed.

When Willie was asked what he intended doing with his money he said:

"I am going to buy my other sisters a present. I will buy some clothes, and then I am going to buy my papa a present."

"Gee, I hope Santa Claus comes to this police station. Do you reckon he is afraid to come here?"

"You see, I'm the only boy here and he may not come just to see me."

"Tell those nice men who sent me money that I am going to have a big time Christmas."

Chief of Police Kizer says he intends sending Willie to a Catholic institution in New York.

"I hate to part with the little fellow," said Chief Kizer, "but I want him to go out of the State so there will be less danger of the sins of his father being thrown up to him."

"That poor little boy is in the heyday of his happiness right now and doesn't know it. I hope he will never learn of the fate of his father."

The Christmas Entertainment At Centenary.

The Sunday school Christmas entertainment of Centenary Methodist church will take place Friday night of this week and promises to be a thoroughly interesting affair. The children, under the direction of their teachers, have been practising faithfully at frequent intervals for two weeks or more, so there may be expected a well rendered and enjoyable program of songs, and recitations, all of them breathing the spirit of old Kris Kringle. There will be a Christmas tree with all that means for the little folks and the older ones as well. At 7:30 Sunday evening in the church auditorium the choir will render a sacred musical. The public is cordially invited to attend both the Christmas entertainment and the sacred musical.

Will Be Closed Monday.

The store of J. M. Hendrix & Co. will be closed all day Monday. It has been the practice of this store always to give its employees one day for Christmas and as Christmas falls on Sunday this year, the usual Christmas holiday would not be possible unless the store were to remain closed Monday.

Annual Appropriation As Token of Appreciation of Their Services During Year Made Last Night—The Police-men Also Remembered As Is Assistant Clerk—Committee Appointed To Look Into Matter of Proposed New County.

At last night's meeting of the Board of Aldermen the annual appropriation for the members of the Greensboro Fire Department was made, this being a slight token of the city's appreciation of the services of the firefighters during the past year. The total appropriation was \$750, slightly less than \$10 for each member of the department. The members of the police department were also remembered, as was the assistant City Clerk Michaux, an appropriation of \$5 for each man being made.

Mr. C. D. Benbow, chairman of the committee from the Chamber of Commerce appointed to secure information regarding the proposed new county, appeared before the board and asked that a committee be appointed to work with this committee and a committee from the County Commissioners. Mr. Benbow stated that the purpose of this committee was to ascertain what steps should be taken by citizens outside the water county or whether any steps at all should be taken. If it was deemed advisable to take some action for or against the movement then a mass meeting could be held and such information as had been secured placed before the people. He said it might be that after due consideration the people of the county might see that it would not be advisable to sever their connection with Guilford. On the other hand if the promoters showed that it would be to the best interests of these people to get in the new county then proper encouragement should be given. The Chamber of Commerce was working for the best interests of all concerned and until such information as could be obtained was secured was neither for or against the movement; that the committee was merely for the purpose of gathering information that might be useful in the future. A meeting would be held at the court house Friday morning at 10 o'clock and the three committees would then decide upon a course of action. Alderman King and Glascock were appointed on the committee.

Ryan & Phibbs were granted permission to move their market from South Elm to Gorrell street. A. C. Branon applied through Alderman Glascock for a license to sell fresh meats on South Ashe street. It developed that he had already gone into the business before securing license and the application was held up and Chief Neelley instructed to investigate the matter. The auto ordinance was discussed, being brought before the board on account of the fact that a number of drivers who passed examination had failed to procure license. Chief Neelley was instructed to arrest those who had failed to secure license, notwithstanding the fact that they had passed the examination.

A committee, composed of Aldermen Albright, Smith and Clendenin, was appointed to prepare, with the assistance of the city attorney, certain amendments to the present city charter and submit them at the second meeting in January. The city clerk was instructed to give public notice that amendments would be asked for. This action was taken in view of the fact that in a number of instances the present charter does not confer authority on the city to do certain things, thereby tying the hands of the city administration. The proposed charter as drawn with a view of a commission form would probably cover this, but as there is a possibility that it may not be ratified by the people it was considered best to have the old charter amended as the entire old charter will be annulled if the new charter is ratified anyway.

The committee appointed some days ago to investigate certain complaints as to drainage on East Bragg and also on Walker avenue reported. It was shown that at present the city had no power to remedy conditions on East Bragg as the pipes, which were partially filled, emptied on Judge Douglas' land

his land to open them up. It was this condition that prompted the appointment of a committee to procure amendments to the present charter so in case the new charter failed the amendment would give the city authority to open the pipes. As to the Walker avenue difficulty it was thought that if the present pipes were washed out they would carry the water and the Street Commission will have the pipes cleaned out. Mr. T. S. Beall asked that the board rebate Mr. J. M. House for a vaudeville show license, which had been used only six weeks, having been taken out for seven months. No action was taken, the board having refused several similar requests in the past.

Mr. W. D. McAdoo asked permission to locate steps from the sidewalk into the basement of his building on East Washington street. The matter was referred to a committee, composed of Aldermen Albright, Glascock and Smith, to investigate and report at the next meeting.

KRAMER FURNITURE FACTORY AT THOMASVILLE BURNED

Fire, Starting In Cabinet Room, Totally Destroys Main Building.

The main building of the Kramer Furniture Company at Thomasville was burned down last night. The fire broke out in the cabinet room at 6:30 and in about an hour the building was in ashes. The books and typewriters were saved but such was rapidity with which the building burned that nothing else could be gotten out. The origin of the fire is not known.

The wind was blowing strongly from the North. The finishing room next to the main building but not in the path of the wind-escaped destruction.

Thomasville has no fire department or water works and the fire was too big and burned too rapidly for the customary "bucket brigade" of the smaller places to be practicable.

Greensboro firemen were asked as a measure of precaution to hold themselves in readiness. Agreeable to the request they remained on duty until word came that there was no danger of a general conflagration.

The factory of the Kramer Furniture Company was the largest factory in Thomasville having on its payroll 150 or 200 people. Jno. T. Kramer is president and John R. Myers secretary and treasurer.

REV. MAX IS HELD ON THE KIDNAPPING CHARGE.

The Particulars Brought Out In Municipal Court Yesterday—Evidence of Circumstantial Nature.

In Municipal court yesterday morning, Rev. Max, alias Lizzie Burnett, was given a hearing on the charge of kidnapping. After hearing the evidence, which was purely circumstantial in its nature, Judge Eure held the woman until the prosecutor, Adam Avery, of Raleigh, could bring his daughter here to identify the woman.

Avery testified that he had seen the woman traveling along the street in front of his house several times and this led him to suspicion her. He said he believed that his daughter would say the defendant was the person who took the child into her care, saying she was going to take her to the mother. The woman declared that she had never been in Raleigh in her life.

Fletcher Lindsay, who was charged with an assault in two cases, was found guilty and fined \$10 and costs in one case, while in the other judgment was suspended on payment of costs and promise of good behavior in the future.

The first issue of the "Bulletin of the State Normal and Industrial College" is from the press. Prof. W. C. Smith is the editor. The "Bulletin" is to be published quarterly during the regular school session and is to be a departmental publication, the aim of which is to acquaint the public with the methods and scope of each department of the college and the work of the students therein.

The initial number is very creditable and deals mainly with the work of the department of domestic science. Miss Jamison, head of the department, writes interestingly of the work and gives some valuable culinary hints and recipes.

FALL TERM AT G. F. COLLEGE

School Closes For Holidays Today.

The State Normal Will Conclude Work of Fall Term Tomorrow—Outgoing Trains Will Be Filled With Students—City Schools Close Tomorrow—High Schools Hold Exercises Today.

Greensboro Female College will close today at 4 o'clock for the holidays. The closing will not be formal, and there are to be no exercises of any kind. Most of the young ladies will have left for their homes by Thursday morning. Not more than three or four will spend Christmas in the city. All teachers, save one or two aside from those residing here, will leave also to spend the holidays at their homes.

Ticket Agent McGlammery went last week to the college and sold tickets to all pupils and teachers who were to leave the city, arrangements have been made for quick and safe handling of trunks and baggage, so that there will be no worry or unnecessary delay in travel and transportation.

The State Normal College will close for the holidays on Thursday and a majority of the students will leave Thursday afternoon and Friday for their homes. Only a few living in the more distant points will remain at the college. The spring term will begin on Tuesday, January 3.

Ticket Agent McGlammery some days ago canvassed the students and sold tickets to all who desired to go home for the holidays. In this way the students were greatly accommodated and the great rush that would have been caused had the students been required to get their tickets from the office in the station was averted.

It is more than probable that extra coaches will be attached to the east-bound trains today and tomorrow to accommodate the students.

The closing exercises at the Revolution, Proximity and White Oak schools will be held today, beginning at 10 o'clock. At each school there will be appropriate exercises by the children and Christmas trees laden with gifts for the pupils.

The city schools close for the holidays tomorrow and the literary societies will have charge of the closing exercises which will be in the nature of North Carolina Day observance.

JOHNS WOULDN'T COME.

Decided At Last Minute That He Wanted Requisition Papers.

Charlie Johns is still in Danville. He told his captor there that he would come to Greensboro without requisition papers. But his attorney advised him that sometimes delay was an advantageous thing, that coming again into the camp of those who had turned the cold shoulder should be looked upon with disfavor, and an invitation from a personage of less authority and power than the Governor of the State should be blown aside as so much chaff. For all of which weighty counsel the barrister received the sum of three dollars for his pains—not a yen of which will be remitted to Chief Neelley in consideration of the expense of his trip to Danville yesterday—and, by the way, the which will not save Johns from ultimate captivity. The law is on his trail and the tracks seem to be plain.

HOW TO CURE RHEUMATISM

It is An Internal Disease And Requires An Internal Remedy.

The cause of rheumatism and kindred diseases is an excess of uric acid in the blood. To cure this terrible disease this acid must be expelled and the system so regulated that no more acid will be formed in excessive quantities. Rheumatism is an internal disease and requires an internal remedy. RUBBING WITH OILS AND LINIMENTS WILL NOT CURE. It affords only temporary relief at best, causes you to delay the proper treatment, and allows the malady to get a firmer hold on you. Liniments may ease the pain, but they will no more cure Rheumatism than paint will change the color of rotten wood.

Science has at last discovered a perfect and complete cure, which is called Rheumacide. Tested in hundreds of cases, it has effected the most marvelous cures; we believe it will cure you. Rheumacide acts at the joints from the inside, sweeps the poisons out of the system, tones up the stomach, regulates the liver and kidneys and makes you well all over. Rheumacide strikes the root of the disease and removes its cause. This splendid remedy is sold by druggists and dealers generally at 50c. and \$1 a bottle. In Tablet form at 25c. and 50c. a package. Write to Bobbitt Chemical Co., Baltimore, Md. Booklet free. Tablets sent by mail.

BARNARD GIRLS IN MEN'S GARB.

Thirteen Odd Fellows' Success Starts Entertaining Fad.

New York Press.
Promoters of the uplift movement in Barnard College, it became known yesterday, are preparing a most unusual schedule of college affairs for the coming winter, including parties for young women only. The girls taking part in the affairs will be clad in men's suits and it will be incumbent on them to have cigars or cigarettes in their mouths throughout the "stag" meetings. But, to avoid the possibility of causing college scandal, the cigars will be made entirely of chocolate and the cigarettes will consist of peppermint sticks.

News of the novel entertainments did not become known until a few days ago. Then all the college girls heard of the "smoker" held by the "Thirteen Odd-fellows of Barnard." The names of the 13 girls in the ranks of the Oddfellows were kept concealed carefully, even on the program. But the doings of the 13 were so interesting that now the entire college is talking about them.

Inquiry in the college brought forth only few details of the incidents of the "smoker," which the girls preferred to call a chocolate "smoker," so there would be no misunderstanding as to the kind of articles "smoked." It is the custom in Barnard to have many amateur theatrical performances throughout the college season, and as the girls get up the plays themselves, they have to take men's roles as well as the others. Several of the girls have been on the stage in trousers so often they have come to like the idea of stalking around in bifurcated garments. Of course, they do it secretly, so several of them talked it over. The result was the "chocolate smoker" of the Oddfellows.

A Simple Safeguard for Mothers.

Mrs. D. Gilkeson, 326 Ingles Ave., Youngstown, Ohio, gained wisdom by experience. "My little girl had a severe cold and coughed almost continuously. My sister recommended Foley's Honey and Tar. Since then I always keep a bottle of Foley's Honey and Tar in the house. Accept no substitutes. Howard Gardner.

ATE A WHOLE SHEEP.

One of the Feats of Nicholas Wood, a Famous Glutton.

The following account of a man named Nicholas Wood, famed for his gluttony, was written by John Taylor, the "water poet" of the seventeenth century:

Nicholas Wood was a Kentish yeoman. "Be it known to all men to whom these presents shall come," writes John Taylor, "that I, John Taylor, waterman of St. Saviour's in Southwark, will, with plain truth, bare and threadbare, treat of the remarkable actions of Nicholas Wood.

"He hath eaten a whole sheep at one meal; pardon me! I think he left the skin, the wool and bones; and presently after he hath swallowed three pecks of damsons. Two loins of mutton and one loin of veal are but three sprats to him. Once at Sir William St. Ledger's house, so valiant and staunch of teeth he showed himself, that he ate as much as would suffice thirty men, and afterwards he slept eight hours.

"One morning I sent for him to the inn to eat breakfast. He had already eaten one pottle of milk, one pottle of pottage, and bread, butter, and cheese. He gave me thanks and said that if he had known any gentleman would have invited him to breakfast he would have spared his meal at home. Nevertheless he would do me the courtesy to show me some small cast of his office. Whereupon I summoned the hostess and commanded that all the victuals in the house be laid before my guest.

"The inn was slenderly provided, but six-penny loaves were mounted two stories high like a rampart, three six-penny veal pies, one pound of sweet butter, and a number of other dishes were set out, all of which were quickly brought to nothing."

RUBBER OYSTERS.

They Brought Trade and Saved Their Inventor From Failure.

"Rubber oysters laid the foundation of my success," said a millionaire hotel man.

"I had a small saloon in them days, and things looked very black. They looked, in fact, like bankruptcy. So in desperation I cut an old rubber doormat into oyster shaped pieces on April 1 and fried them in egg and breadcrumbs to a tasty brown.

"There was only one man in the bar when I fetched in that dish of smoking rubber oysters. His eyes glittered, and he grabbed a fork, jabbed it into a big fellow and took a hungry bite.

"Seeing the surprised look that spread over his face, I turned away to hide a smile. He gave an awkward laugh and said:

"Them's fine oysters. I'll bring a couple of the boys in to sample them." "Sure enough, he brought two friends a half hour later. The friends no sooner saw the appetizing rubber oysters than, setting down their beer, they each sunk their teeth in one.

"They, too, sent in friends for oysters. I fried up no less than three old doormats and two overshoes that April fool day. The whole town laughed, and the papers printed funny stories about my joke. My joint got real popular.

"In short, I was saved—saved from bankruptcy by rubber oysters."—Washington Post.

A Light on Mothers.
The late William James, Harvard's famous psychologist, would often illuminate a misty subject with an appropriate anecdote. Discussing motherhood in a lecture on psychology, Professor James once said:

"A teacher asked a boy this question in fractions:

"Suppose that your mother baked an apple pie and there were seven of you—the parents and five children. What part of the pie would you get for your portion?"

"A sixth, ma'am," the boy answered. "But there are seven of you," said the teacher. "Don't you know anything about fractions?"

"Yes, ma'am," said the boy. "I know all about fractions, but I know all about mother too. Mother'd say she didn't want no pie."

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

One dollar bottles guaranteed. Fariss-Klutz Drug Co., and Greensboro Drug Co., Special Agents.

Now what poor scribe is there in this whole commonwealth who wouldn't like to be in the shoes of Editor F. A. Moore, of the Durham Sun? Just listen at this, which comes in the form of a dispatch from Durham:

Mr. Fred A. Moore, one of the largest stockholders in the Durham Sun, has received notice from the law firm of Simpson, Thacher & Bartlett, one of the largest in New York City, that he is heir to the estate of the late John Annin in the sum of \$25,000.

Congratulations to Mr. Moore. He has received a notable Christmas gift. If North Carolina newspapermen were an envious lot, the complexion of all would be taking on a greenish hue forthwith, but they are not; on the contrary, they rejoice over Mr. Moore's good fortune equally with him.

High Point now proposes to call the new county "Piedmont" instead of "Ransom." Some other locality had agreed on "Ransom" ahead of High Point and the latter gracefully withdrew its claims. The new name is more suitable. It is said that the new county, if created, will be Republican. It would not be appropriate for a Republican county to be named in honor of a Democrat. The name "Piedmont" seems an especially happy solution of the problem. This whole section is known as the Piedmont region and settlers would naturally select the county named Piedmont as the very heart of the section—a section widely known for its healthfulness and prosperity. High Point is showing good judgment as well as abounding energy in its campaign for the new county.

Raleigh, Dec. 19.—Having strained his heart nine days ago in a basketball contest at Wake Forest College, Roy Saunders, of Monroe, 19 years old, a freshman, died there last night from heart disease.

How sad that the determination to excel should result in death! The distressing occurrence suggests the possibility that overmuch stress is laid on the physical culture side of college life. Charles Kingsley's praise of "muscular Christianity" is said to have resulted in the death of many young Englishmen whose bodies were too weak for the kind of living that Kingsley advocated. A medical examination costs money, but every boy going in for athletics should by all means be examined by a competent physician and those with weak hearts as well as those with tuberculous tendencies should shun over-exertion, or great strain, as they would the plague. Life is too precious to be lightly risked.

The Chamber of Commerce, usually alert to the best interests of Greensboro and Guilford county, is moving to stop the expenditure of public money for permanent road improvement in the vicinity of High Point until it is definitely ascertained whether or not the territory in question is going to be lost to Guilford by the formation of the proposed new county. The stand taken by the Chamber in this matter has occasioned a call for a joint meeting Friday of the directors of the Chamber, the County Commissioners and a committee from the Board of Aldermen at which the whole situation is to be gone into thoroughly and a decision of some sort reached. The attitude of the Chamber seems to us to be the correct one and the officers and directors of that body are entitled to commendation for their foresight in behalf of such portion of the county as would be left intact in the event High Point is successful in being made the capital of a new county.

Secretary Charles L. Coon, of the North Carolina Child Labor Committee, has favored The Telegram with a copy

of the proposed legislation affecting factory labor. The program as agreed upon by the committee is as follows:

That the age limit be raised to 14 years, no child to be permitted to work in any factory under 14 years of age.

Reduction of the present 66 hours a week to not exceeding 60 hours a week and making not over 10 hours a day's work.

Prohibiting all children under 16 from working at night.

A provision for factory inspection under the State Department of Labor.

These requirements do not seem unreasonable and we do not see how they can be objected to on the part of the mill men. It was not intended that little children should toil, but rather that they should romp and play and, at seasonable times, lay in store knowledge for service and satisfaction when the time arrives when it is necessary and proper for them to toil. And under fourteen the individual is plainly "a little child." The adoption of the above mentioned labor program would redound decidedly to the State's reputation for properly husbanding its greatest source of strength—its children. Conservation of humanity is more important than conservation of material resources though the latter kind of conservation is so wrapped up with the former kind that its importance should never be minimized.

RAILROAD DREAM OF LONG STANDING REALIZED

Early in January Southern Will Put on Through Train To Be Operated Between Charleston and Cincinnati.

Columbia, S. C., Dec. 20.—President Finley of the Southern Railway announced today, that beginning on Monday, January 2, 1911, a new through passenger train to be known as the Carolina Special will be operated between Charleston, S. C., and Cincinnati, Ohio, by way of Columbia and Spartanburg, S. C., Asheville, N. C., Knoxville, Tenn., Harrison, Tenn., and Lexington, Ky. Speaking of this new train President Finley said, "The Carolina Special is to be a first class train in every respect. The schedule has been arranged with a view to convenience of the traveling public. Details of the equipment and schedule will be announced by the passenger department."

From the earliest days of railway construction in the United States it has been the aim of Charleston and of South Carolina to obtain a direct route and through service to the Ohio river and the West. The first steps were taken even before the completion of the old Charleston and Hamburg Railroad and in 1835, the Louisville, Cincinnati, and Charleston Railroad Company, was projected, with Hon. Robert Y. Hayne, of Charleston, and other prominent men of that day among its most active supporters. The route proposed then is now to be followed by the Carolina Special and the purpose of these early advocates of a highway across the Appalachian Range from the sea to the Ohio River is now to be realized by this new service of the Southern Railway Company.

CHRISTMAS EXERCISES AT GRACE M. P. CHURCH.

Program of Songs and Recitations Thursday Night—Gifts For Orphans. The usual Christmas exercises of the Grace Methodist Protestant Sunday school will be held on Thursday night, December 22, at 7:30 p. m. The exercises will consist of Christmas songs and recitations by the primary and junior departments. This Sunday school has decided to make this a giving rather than a receiving of presents, and the children and friends of the church are requested to bring their presents to the church on Thursday night. This giving can consist of toys, clothing or provisions for the children in the M. P. orphanage at Denton, N. C.

It is hoped by the committee that the friends of the church will remember the orphanage at Denton and make as liberal donations as they can, and the same will be forwarded promptly on Friday morning by express to the orphanage.

A cordial invitation is extended to all to come out to these exercises.

To The Women of West Market Street M. E. Church.

Prepared For The Telegram. Let every woman in the church who wishes to reach the lonely and needy during the joyous Christmas season send some gift to the home of Mrs. Tatum on East Market street by today at noon. A committee from the Home Mission Society will be there to distribute these gifts to those whose sunshine will be scant save as they receive from those who are more blessed. Surely in our joy and Christmas pleasure we will not forget the sick, the needy, the old and lonely of His children. One more day to send them. That is this day—Wednesday. Phone your grocer this morning and he will deliver them at Mrs. Tatum's. Suggestions: Flour, meal, meat, coffee, canned goods, grits, rice, sugar, fruits, nuts and other substantials to choose from.

MUCH GAINED AT LITTLE COST

Dr. Minor Appeals to Public to Buy Red Cross Seals.

By Dr. Charles L. Minor.

To those who have faith in the future of our country and in the success of the experiment in civil government which was begun in these United States, in 1776, there are few more encouraging things than the increasing altruism of our citizens shown by the increasing interest which they take in the many movements which, while they promise them no personal advantage, aim to improve the race by helping to lessen sickness and poverty and suffering in their less fortunate brothers. Of such movements there are few which can so justly appeal to all of us as does the Red Cross Christmas Seal movement, which annually gathers from the kind hearts in our midst during the Christmas season money wherewith to lighten the terrible burden of suffering around us.

Of all the causes of suffering in this world, there is none that can vie with tuberculosis, which yearly claims a seventh of all those who cross to the other side; and, moreover, reduces to beggary, and too often to crime, the many who are dependent upon these sick workers for their support. Therefore, it seems to me that it should only be necessary to call this splendid charity to the attention of our citizens in order to have it well supported, and to guarantee that everyone during the glad Christmas season, when all hearts are softened and purse strings loosened, will take the trouble to remember it, and in the midst of their happiness to remember also the happiness of the many who are less fortunate than they. It will only demand of us all a little forethought, a little trouble and a trifling expense, and so generous a people as ours will not allow an appeal for such a charity to fall on closed ears. Let us all, then, make this Christmas notable by remembering the Red Cross Seal and by taking pains to see that one such is affixed to every present we send to those we love and to every letter that goes carrying words of good cheer to our friends.

NO CLUE TO MURDERER.

Albright, the Bloody One, Is Still Evading the Hand of Justice.

Frank Albright, the notorious negro that shot and killed John Austin at an ice cream supper near Guilford Station Saturday night, is still at large. Sheriff Jones says he has no clue whatever as to his whereabouts, but is making every effort possible to secure his arrest.

The authorities of High Point, Jamestown, Kernersville and other towns of the surrounding country are on the watchout, and have been notified to capture and hold any negro that looks like Albright.

The negro's mother lives at Wilkesboro, and the sheriff thinks that he may probably turn up there and hide out in the mountains, when he will most certainly be captured.

**THE SHORT CIRCUIT

Electricians Lost To Cone Company in
Last Night's Bowling Contest by
Score of Eighteen Pins-Third Contest
Will Likely Be Arranged For Monday
and the Electricians Are Rearranging
Their Wires.

Last evening in the Gem Bowling Al-
ley the teams from the Cone Company
and the Public Service Company pulled
off their second of a series of bowling
matches. The Electricians had laid
their wires in an attempt to short cir-
cuit their opponents, but for some reason
the scheme failed to work, the Cotton
men winning by a margin of eighteen
pins.

Mr. Wooters for the victors made the
highest score-444. Mr. Andrews leading
for the losers with 441. Mr. Deal came
third in the entire list with 422. It
should be stated, however, that Mr. Deal
bowled for Mr. Andrews in the first
game, scoring 141 pins, while he scored
only 134 for himself.

It was a battle royal and the weather
did all in its power to put the men on
edge. Notwithstanding the fact that
expressions such as "jonah alley" and
"stage fright" were heard as murmurs
in the uproar that prevailed throughout
the entire contest, the spectators voted
in unison that it was a red hot contest
and that not a fellow had the hard luck
spirit or showed "a yellow streak."
Some folks say that undoubtedly a mass
meeting for practicing yells had been
held by both sides some time preceding
the blowing of the referee's whistle.
More may be expected in the way of
future matches if one is to judge the
spirit that both teams showed through-
out the games. The first match gave the
Public Service bunch 105 pins to the
good. The Cone crowd put it over the
Electricians by 18 pins net in last night's
contest. Now the question is what will
happen to that 87 pins that the Electric-
ians claim they have to the good. It
may be that "King Cotton" will triumph
but the other fellows are figuring on
short-circuiting the Cone crowd and of
course cotton burns.

MRS. BOOTH MAKES RICH WOMEN CRY RECITING CONVICTS' WOES

Gives a Message From Prisons to Audience in Mrs. Drexel's Home. New York World.

"I bring a message from the prison cell and the prison-shadowed home," said Maud Ballington Booth yesterday afternoon to the crowd of well-clad women and men in the music-room of Mrs. John R. Drexel's home at Fifth avenue and Sixty-second street. Mrs. Booth was plainly dressed in a gray wool gown, not too well fitting, but she held the attention of her audience for more than an hour.

Mrs. Booth explained the work of the Volunteer Service League, and she said that the world had no idea of the appalling condition of hopeless and despair that she found among the convicts with whom she was working.

"Most people do not feel that the prison is a reformatory measure. They think it is a place to shut away dangerous criminals so that they cannot harm society. But I come back to a happy and free world to say that there is much in State's Prison worth the saving."

Then Mrs. Booth told of the difficulty in finding work for men who come from prison, and who are not laborers, but who have been trained for clerical work or professional duties, and she made a plea that such men should be given an opportunity to start a new life.

"I hope to see the day," she said, "when some system can be evolved when men in prison can be put at some productive labor and be paid current wages for doing it. Then, after deducting their keep, the remainder should be sent to the families which they have in most cases left entirely without support. Then the criminal would not be a burden to society, and his family would not have to face the terrible poverty into which they are usually plunged."

"I remember a young man, almost distracted, who talked to me in prison. He had received a letter from his wife, in which she said that their child was sick, and that she herself had broken down. They had been without food for 24 hours, and the landlord was coming the next day to evict them. I do not know whether you will ever hear from us again. The best thing for me to do is to take my baby and go to the river tonight."

"We found the woman living on a sack of rags in a cellar, already in a stupor of starvation. We took care of them and succeeded in getting work for the woman until eight months later, when the husband was paroled in my charge. Through our league we got work for him, and when I saw him a few months ago he was prosperous, the woman was well and the child was happy. To those lives to which he had been a curse and a shame he had brought happiness."

Mrs. Booth made an impression upon her audience. As several of the women descended the stairway of Mrs. Drexel's home the reporter heard such remarks as this: "It was wonderful, wasn't it? I couldn't help crying sometimes."

Among those present were Judge and Mrs. Gary, Mrs. Soule, Mrs. Hagan, Frederick Townsend Martin and Justice Barlow.

Take Care!

Remember that when your kidneys are affected your life is in danger. M. Mayer, Rochester, N. Y., says: "My trouble started with a sharp shooting pain over my back which grew worse daily. I felt sluggish and tired, my kidney action was irregular and infrequent. I started using Foley's Kidney Pills. Each dose seemed to put new life and strength into me, and now I am completely cured and feel better and stronger than for years." Howard Gardner.

A Comparison.

Two friends met one day after a long absence. One of them had a very ruddy complexion, and his nose was carmine. The other looked into his face and said:

"Ah, John, I doot!"

But John said he was not to judge by appearances, as he only drank one glass of beer in a day.

"Oh, well," said the other, "yer face, perhaps, is like our gas meter—it registers more than it consumes."—London Answers.

Where They Belong.

"Have you any men serving sentences for bigamy?" asked the prison visitor.

"Lots of them," replied the keeper, "but we confine them all in the insane ward."—Philadelphia Record.

Naturally.

"Pop, flowers shoot, don't they?" "Certainly, my son."

"Well, pop, do they shoot with their pistols?"—Baltimore American.

Get the Genuine Always.

A substitute is a dangerous make shift especially in medicine. The genuine Foley's Honey and Tar cures coughs and colds quickly and is in a yellow package. Accept no substitutes. Howard Gardner.

Their Finish.

She—They are awfully in love with each other. I suppose they'll finish up with getting married.

He—Yes; that will be their finish, all right!—New York Telegram.

Mrs. W. W. Gardner, of Paducah, Ky., tried Cardui and writes: "I think Cardui is just grand. I have been using it for eleven years. DIABETES

From late figures the hope of recovery under the new emollient treatment seems to be about as follows:

In people of sixty and over results are quite uniform, probably nine-tenths recovering. While at fifty and over a large majority of all cases yield to the treatment, below fifty and approaching forty the disease gets more stubborn, and between thirty and forty the percentage is not high—probably not much over half yielding.

Under thirty the percentage is less and in children recoveries have been very few and most of those were obtained with the aid of skilled physicians forcing nutrition, with alkaline treatment to prevent formation of acetones. The new emollient treatment is known as Fulton's Diabetic Compound. It can be had in Greensboro at the Fariss-Klutznick Drug Co.

We desire every patient to write us who is not noting the usual improvement by the third week. Always state age. Literature mailed free. Jno. J. Fulton Co., 645 Battery street, San Francisco, Cal. We invite correspondence with physicians who have obstinate cases.

HOW TO CURE ECZEMA.

ITCH AND ALL SKIN DISEASES

Don't suffer a moment longer with eczema, or any form of skin or blood troubles. Don't scratch or rub the skin. Just apply Hancock Sulphur Compound to the affected spots and it will stop the itching at once, and cure the trouble permanently. One 50c bottle will cure the most prevalent trouble, Common Itch. Nothing cures skin troubles so quickly as Hancock Sulphur Compound. To beautify the complexion and remove black heads and pimples, use Hancock Sulphur Ointment, 25c. Mrs. Evelyn Barst, of Salem, Va., writes: "Three years ago I had a rough place on my cheek, it would burn and itch. I was fearful it might be of a cancerous nature. I used different preparations, but nothing ever helped it. One bottle of Sulphur Compound cured me completely. I recommend it to any one having any skin disease." For sale by Howard Gardner, Greensboro, N. C.

HE LED THE CHARGE.

And Then the General Changed His Mind About the Colonel.

The French General Gallifet was a famous cavalry leader, a good liver, a fine soldier and a man of impetuosity, daring and bravery. It is said that Gallifet's pluck was in great measure owing to his extraordinary powers of digestion, he once undertaking and accomplishing the feat of eating a wine-glass. In a biography of General Gallifet is the following story:

"During some maneuvers he was watching a charge of cavalry under his orders. Suddenly the leading squadron stopped dead. Gallifet roared, 'Send me the colonel!' And the colonel galloped up.

"Now, colonel, what's wrong?"

"We came upon a road at the bottom of an embankment which was too steep to ride down, sir."

"Nonsense, sir! You're not fit for your job. I will lead the charge. You go to the tail of the squadron."

"Gallifet took the command, galloped to the road and rolled down the embankment with his horse. Lying on his back with a sprained muscle in his leg, he shouted to his men to stop, adding:

"Send me the colonel!"

"The colonel came up from the tail of the squadron.

"Colonel, you were right. I am a fool! You may take the command of your regiment again."

Wants To Help Some One.

For thirty years J. F. Boyer, of Fertile, Mo., needed help and couldn't find it. That's why he wants to help some one now. Suffering so long himself he feels for all distress from Backache, Nervousness, Loss of Appetite, Lassitude and Kidney disorders. He shows that Electric Bitters work wonders for such troubles. "Five bottles," he writes, "wholly cured me and now I am well and hearty." It's also positively guaranteed for Liver Trouble, Dyspepsia, Blood Disorders, Female Complaints and Malaria. Try them. 50c. at Fariss-Klutznick Drug Co.

Banks On Sure Thing Now.

"I'll never be without Dr. King's New Life Pills again," writes A. Schingeeck, 647 Elm St., Buffalo, N. Y. "They cured me of chronic constipation when all others failed." Unequaled for Biliousness, Jaundice, Indigestion, Headache, Chills, Malaria and Debility. 25c. at Fariss-Klutznick Drug Co.

Hoax—"Wigwag complains of having rheumatism in his fingers." Joax—"Then I suppose he has a double reason for not feeling well."

AN INSOLENT FOP.

Beau Brummel's Impertinence and a Brewer's Tart Retort.

Beau Brummel, the famous English fop, was as notorious for his insolence as for his fine feathers. At the Pavilion, at Brighton, he ordered the footman to empty his snuffbox into the fire because a bishop had taken a pinch unasked. "A man whom he had met at dinner offered him a lift in his carriage to Lady Jersey's ball. "Thank you exceedingly," said the beau, "but how are you to go? You would not like to get up behind, and I cannot be seen in the same carriage with you." He made no secret of his humble birth and when asked about his parents declared that "the poor old creatures both cut their throats years ago eating pens with a knife."

Once at least Brummel met his match. He was playing hazard at Brooks', when a well known alderman, a brewer, was one of the party. "Come, Mashtub," said Brummel, who was the caster, "what's your bet?" "Twenty-five guineas," was the reply.

"Well, then, have at the mayor's pony," said Brummel, who proceeded to cast and by a run of luck won the stake twelve times in succession. Pocketing the money, he thanked the brewer and promised that in future he would drink no one's porter but his. "I wish, sir," replied the brewer, "that every other blackguard in London would tell me the same."

You Must Read This if You Want the Benefit.

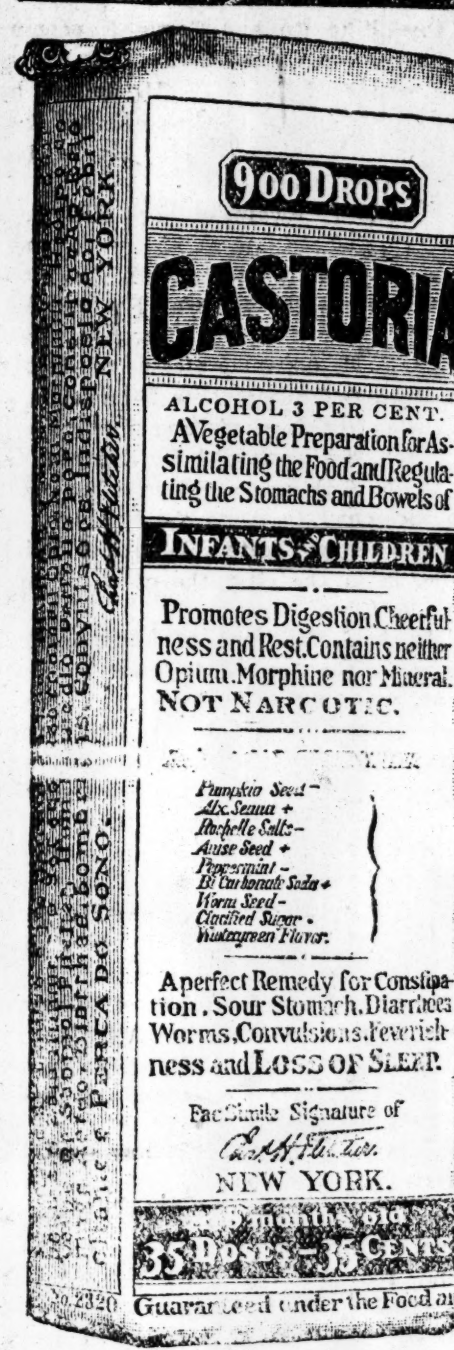

J. W. Greer, Greenwood, La., suffered with a severe case of lumbago. "The pains were so intense I was forced to hypodermic injections for relief. These attacks started with a pain in the small of my back which gradually became finally paralyzing. My attention was attracted to Foley's Kidney Remedy and I am glad to say after using this wonderful medicine I am no longer bothered in any way by my old enemy lumbago." Howard Gardner.

Cynicus—"There is one lie every man tells a woman before he marries her." Sillicus—"That she is the only one he ever loved!" Cynicus—"No; that he isn't worthy of her."

Ends Winter's Troubles.

To many, winter is a season of trouble. The frost bitten toes and fingers, chapped hands and lips, chilblains, cold sores, red and rough skins, prove this. But such troubles fly before Bucklen's Arnica Salve. A trial convinces. Greatest healer of Burns, Boils, Piles, Cuts, Sores, Eczema and Sprains. Only 25c. at Fariss-Klutznick Drug Co.

Money to keep the Salvation Army
pot boiling is money well spent. The
Salvation Army is doing charitable
work that is badly needed. At the pres-
ent time arrangements are being made
to send to the Salvation Army rescue
home at Greenville, S. C., an erring girl,
who, tired of the life of shame, has
come to the Army for aid and guidance.

Saturday an aged woman arrived here
from Lexington going to Liberty. She
failed to make connection and was
without funds. The Salvation Army
took charge of her, procured lodging for
her and sent her on her way rejoicing.

A family came in here from Lynch-
burg absolutely without means to have
their furniture moved from the depot to
proximity where they were going to
work. The Salvation Army had the
furniture moved for them.

EXCELLENT PROGRAM**West Market Gives the Best Entertain-
ment in the History of the Sunday
School.**

The officers, teachers, and pupils of
the West Market Street Methodist
Sunday school participated last night in
the most interesting and enjoyable en-
tertainment ever given by the school.

The new Sunday school auditorium
was beautifully and elaborately deco-
rated. There was a tall centre tree reach-
ing upward like the spire of a cathedral,
which was surrounded by several smaller
trees.

The Christmas music was the feature
of the evening. The junior choir ren-
dered a beautiful selection and acquitted
themselves in a manner creditable to
both themselves and their faithful in-
structors. Over the rostrum in the balcony
the senior choir sang selections appro-
priate to the season, including Christ-
mas carols and an anthem. Mr. Ljung
rendered the Cantique de Noel, and with-
al, the work of this choir was unusually
good, due as much to the training of
Mr. Lawson as to the talents and voices
of the members.

Mr. McLarty led the devotional exer-
cises, and Mr. Alderman made a short
talk in which he emphasized the im-
portance of remembering especially at
this Christmas time the poor and the
lonely—those who were not so fortunate
as the boys and girls present who had
parents and loved ones to bring them
so many joys of the season.

The collection was unusually large and
will be counted in the fund which the
members will themselves raise to erect
a building for twenty five children at
the Orphanage at Winston.

DEED OF YE OLDEN TYME.**Cue Drawn Up Eighty Two Years Ago
Recorded Recently in Office of Register
of Deeds.**

The clerks in the office of the register
of deeds are continually running across
aged documents, but recently an instru-
ment was filed that has eclipsed all re-
cords. The deed was prepared to perfect
a title and was drawn up on Feb. 20,
1828, nearly eighty three years ago. It
was filed on Nov. 14, 1910, and has just
been recorded.

The instrument was written on what
looked to be a piece of wrapping paper,
but of a decidedly better quality than
that generally used at present. The ink
was apparently homemade and there is
little doubt but that it was applied to
the paper with a goose quill pen. The
old style letters were used, making the
instruments decidedly unique. However,
time had not defaced the paper in the
least, excepting where it had been fold-
ed, and it was no trouble to read the
writing. In fact the writing was much
plainer than much of the present time.
The grantor and witnesses to the deed
have long since died and it was neces-
sary for persons who knew the hand-
writing of the parties whose names were
inscribed thereon to prove the execution
of the instrument.

Mrs. Rebecca Mobley Dead.

The remains of Mrs. Rebecca Mobley,
who on Monday died at Summerfield, at
the ripe age of 90 years, were interred
at Center church, four miles east of
Summerfield, yesterday afternoon at 2
o'clock. Elder C. F. Denny, of Greens-
boro, conducted the funeral service.

TO WHOM IT MAY CONCERN.

Having been approached by friends
regarding publication in recent issue of
local paper of statement made by my-
self to the effect that policies which I
carried on my wife's life in the Metro-
politan Company, had been settled in a
manner satisfactory to myself, wish to
inform the public of exact facts in the
case and state positively that I was not
satisfied with settlement made me.

I carried two policies on my wife with
Metropolitan Co., having taken the last
one out over six months ago. The first
one was paid in full, but the last one
they refused to pay, claiming that my
wife had consumption before it was is-
sued, and said that according to their
contract they did not have to pay any-
thing except to return the money I had
paid on it. This policy called for \$270.00
but all they paid me was \$4.50 the
amount I had paid in.

It was not my intention to publish
these facts, but as there has been so
much said on the subject I take this
method of advising my friends of the
true facts in regard to settlement made
me.
Yours truly,
L. F. THOMPSON.

to ask a friend to do you a favor when it is impossible to secure the
favor in any other way. But why ask a friend to go on your bond as
surety when the Greensboro Loan & Trust Company can give better se-

its duty as a trustee or executor or administrator. Why should you
